WORLDWIDE PARAGLIDING AND PARAMOTORING MAGAZINE. FOR FREE.

## TAKE OFF

### FREE.AERO, THE WORLDWIDE ALL DIGITAL PARAGLIDING AND PARAMOTORING MAGAZINE

**VOLER.INFO** was the first all digital paragliding and paramotoring magazine in French. It's available free on iPhone, iPad, iPod Touch, Android-Smartphones, Android-Tablets and any computer with a web browser. News items appear several times a week and in depth reports at least once a month. The team at **VOLER.INFO** have worked in the European paragliding press for more than twenty years.

As **VOLER.INFO** is available free worldwide, pilots all over the globe consult our magazine regularly, some of whom have been using Google Translate to read our articles in their own language.

So by popular demand, we have decided to publish a version of **VOLER.INFO** in English. From the end of April 2014, most of the articles will appear in parallel in French in **VOLER.INFO** and in English in **FREE.AERO**. As with **VOLER.INFO**, you'll be able to read all about flying in English wherever you live or fly in the world, whenever you want and, of course, for free!

We'd like to take this opportunity to thank all our readers for their very positive feedback and for supporting us and encouraging us as we make this international step...
