

"Mad" Mike Küng is one of the pioneers of ground handling games. He was the one who started the fashion for working with C/D risers to do never ending jumps in strong winds, and especially for climbing vertical walls, rocks, bunkers, houses, cars and trees using his paraglider...

Several years ago, he published a few films about control at ground level.

In February 2014, a new version of the film Playground came out.

Get a taste of just how brilliant 'Mad Mike Küng' is in this 2 minute trailer...
